

With left hand, hold Middle C (without sounding the note) while you play the treble line—keys softly—just let finger 3 bounce lightly along—and say the letter-names as you play: E, G, B, D, F, A, C. In the same way, play and say the bass line—keys: A, F, D, B, G, E, C. Do this once every time you practise.

7. Valsette

Gracefully
