

6/8 TIME

In $\frac{6}{8}$ Time, there are six beats in a measure, and an eighth note represents a beat. If an eighth note () receives one count or beat, a quarter note will receive two counts, and a dotted quarter note will receive three counts:

 = 1 count
 = 2 counts
 = 3 counts

The six beats of $\frac{6}{8}$ Time are divided into *two* groups in each measure: 

The Strong Accent falls on Count 1, the Medium Accent on Count 4: 

S w w M w w

8. Old Song

Count: 1 2 3 4 5 6 1 2 3 4 5 6 1 2 3 4 5 6 1 2 3 4 5 6

2

Count: 1 2 3 4 5 6 1 2 3 4 5 6 1 2 3 4 5 6 1 2 3 4 5 6
