

FIRST RECITAL PIECE

Here is your first real recital piece! See if you can learn it well enough to play on the next program presented by your teacher. Remember all the points you have learned thus far about *rhythm, tone colouring, expression, broken chords, etc.*, and apply your knowledge to this little piano solo.

A WAVY LINE preceding a chord means that the notes of the chord are to be **BROKEN** instead of sounded together.

Andante M.M. ♩ = 60 - ♩. = 50

The progressive teacher applies his or her own individuality to the respective characteristic of each pupil. Whatever may prove successful with one may fail utterly with another. Experiment with ALL the approaches you know and use the one which justifies itself. It is often easier for a pupil to grasp the idea that there are TWO QUAVERS to
